

SUN BEAMS

By WALTER M. BARRETT

We have had few arguments over our recent editorials on trading at home. As a matter of fact, there can be no good argument against the issue. It is a simple fact which should be recognized by anyone. Those who continue to foster the belief that they are gaining by taking the money which they earn in Truckee and this vicinity and spending it in other towns and cities are ashamed to admit the fact and this in itself is an admission that they are wrong. Some will continue to take Truckee dollars out of circulation as far as this area is concerned regardless of what we or anyone else may say. Arguments however sound, will no more stop the practice than the Volstead Act stopped the sale of liquor. All we can hope to do is to try and point out the sad results of helping to build up other communities at the expense of our own.

Although the season for fishing in this immediate vicinity closes today, our friend, Mr. Maggard of Independence Lake, reports that the season there will remain open until November 1, and that good catches are being recorded.

While we are on the subject of fish, let's not overlook the fact that the fund for providing for restocking stream in this area is low and is lacking the support to which it is entitled. Incidentally, Al Pfandler is deserving of a lot of thanks for the work he has been doing on this program. Although not compensated, Al has devoted many hours of his own time in caring for the future catches.

We wonder why it is that we have never heard a word about keeping the debris off Commercial row since we recently squawked about the unsightly condition. The situation will certainly not improve itself and now that we have opened the subject we want to know who will and when.

It would be a crying shame to let this column go to press without a word regarding the attitude of the few who are not far-sighted enough to vision the drastic local results if they do not come across with their share of money necessary to promote and conduct the program. It can be said for nearly all the merchants in Truckee that they have responded most generously to the necessity and by so doing have evidenced a desire to go through with the program. There are still a few, however, who have either neglected or deliberately refused to participate. Some of these latter feel in all sincerity that they will not materially benefit from the snow sports, while others, a very small minority indeed, are willing to let the other fellow pay for the gain they anticipate from the program. The former are wrong. The annual festivities benefit, either directly or indirectly, every one in Truckee.

Here's to Ed Edmunds; may his tribe increase. Although stress of personal and business activities draw heavily upon his time and energies and in spite of the fact that he has been abused, criticized and ridiculed for his public-spirited attitude in promoting the welfare of Truckee, Edmunds has agreed to again be manager of the Truckee Winter Sports. That, dear reader, means that we will again go over the top with the program. With a man like Edmunds at the helm and with the assured cooperation of his friends, we can't lose. The mere fact that Edmunds refused a proffered salary for his work, marks him one in thousands and we feel that Truckee is fortunate in having his support and ability to progress.

FOUR GENERATIONS TO OBSERVE COMMON BIRTHDATES SUNDAY

Mrs. Clara B. Nelson of Truckee and her great-granddaughter, little Lorna Thompson of Loyalton, celebrated their common birthdate on Sunday, with four generations present.

According to plans made, members of the family observed the event at the home of Mr. and Mrs. George Tonini in Virginia City, the former being a grandson of Mrs. Nelson, who was 73 years of age, while Lorna's daughter of Mr. and Mrs. Robert Thompson, has just passed her first milestone.

ARMY PLANNING PLAYGROUND IN ICE LAKE AREA

Plan Spending \$150,000 for Building, Equipment At Summit

1800 ACRES IN OPTION

Officers Will Incorporate to Start Work Next Spring

Announcement was made Friday before the meeting of the Sacramento Valley Council of the California state chamber of commerce that leaders in the army, navy and marine corps on the Pacific coast have obtained an option on 1800 acres of land at Ice Lakes, one mile south of Soda Springs, on which it is proposed to develop a \$150,000 summer and winter playground for active and reserve officers.

Word of the announcement came to Truckee from C. Edmunds, who represented this district at the meet and who is taking steps to have the location of the proposed camp changed to bring it closer to Truckee. He pointed out the many choice locations in this immediate vicinity and how much more accessible they are in winter months, especially.

The property on which the option is held is owned by Dr. J. Gordon Mackay of Auburn.

The officers plan to incorporate to obtain title to the land and start building operations, including a club house, dormitories and cottages, in the early spring.

The winter sports committee of the chamber explained, Edmunds said, that active and reserve officers throughout the country are engaging in such cooperative ventures.

WOMAN HELPLESS FOR MANY HOURS AS LEG BROKEN

Mrs. Sadie Noble sat in her home all night, alone, after she had slipped from her porch Friday night and fractured one leg.

The accident occurred when she went to get the evening paper and turned her ankle, falling heavily on the ground. Neighbors were attracted to the scene and helped her into the house but no one realized the seriousness of the injury at the time.

Mrs. Noble sat, unable to move during the night and it was not until Saturday that she was able to call attention to her misfortune.

Neighbors called Dr. H. J. Bernard who gave emergency treatment and the patient was placed on a stretcher on a truck bed and taken to the Sutter hospital in Sacramento. She has a daughter living in the capital city.

Woodcraft Neighbors Enjoy Social Meet

Twenty-two members of Calivada Circle, Neighbors of Woodcraft met at the Odd Fellows hall Tuesday to hold a regular business meeting and enjoy the social hour that followed. The session was reported one of the most enjoyable of the year and more of the same kind are planned for coming months. Mrs. Agnes Mahne is head of the organization.

Charter members of the lodge were the guests of honor.

Damage Suit Against Tahoe Tavern Stable is Settled out of Court

The \$50,000 damage suit brought by Alice Waltman of Oakland against the Tahoe Tavern stables, Arthur Johnson and Win Barton, which was scheduled to be heard in the superior court before Judge J. B. Landis was settled out of court, it was learned this week.

The plaintiff had contended that she hired a horse from the defendants and that she sustained injuries in a fall when the animal, which she presumed to be well broken became unmanageable.

The terms of the settlement were not revealed.

Film Officials Here to Prepare for First Pictures

First indications that Truckee is again to live up to its reputation as the Hollywood of the Sierra, was seen this week with the arrival of a group of executives of the 20th Century Company, who came to select a site for their first snow picture of the season.

The party was headed by Director Otto Brower and Moke Kielhofer, his assistant, and a cameraman who took shots of the proposed locations.

Kielhofer, a former Truckee man, urged that this town send a representative to Hollywood regularly to see various film officials, as this is one of the best settings for summer as well as winter scenes.

PROGAM FEATURE OF LIONS AFFAIR

Local Club Celebrates 4th Birthday at Dinner Program Here

Joy reigned supreme Saturday night when the Truckee Lions Club celebrated its Charter Night with a banquet and program of dancing, card playing and music at the California restaurant.

Between 60 and 70 members and guests attended the affair. Following the dinner, at which young turkey formed the foundation, dancing was enjoyed by many of the guests while five tables of bridge occupied the balance of the jolly crowd. Music was provided by Mrs. Bertha Brown and Miss Lila Parr during the dinner and for the dancing.

One of the features of the evening was the presentation to the club of a picture of President R. C. Gregory, drawn by Bill Englehart, Jr., member of the club and the only official Lion artist in the state, who has drawn photographs of all Past presidents, A. R. Leitch, William Englehart, Sr., Frank Gaennie and Moke Kielhofer, and presented them to the club. The presentation Saturday was made by Leitch and Englehart, the latter officiating as master of ceremonies.

President Gregory opened the session, but turned the meeting over to Englehart, who introduced those on the full program, including Miss Dorothy Filipe, who, assisted by President Gregory and Englehart, gave a skit. Frank Gaennie gave a reading and Harold Laity told several stories. At the card tables, prizes for high scores went to Mrs. R. A. Tonini and Ben Tonini, while consolation tokens were given to Mrs. William Englehart and Harold Laity.

Hallowe'en decorations which adorned the banquet hall were the results of the efforts of Norman Mayfield, Joe Henry and Carl Smith.

KEEMA REUNION IS HELD IN LAKE AREA

Descendants of Henry and George Keema, early settlers of Elk Grove, congregated near Hope Valley for the first family reunion and picnic recently. More than 40 members of the family from various parts of the state were in attendance and are anticipating the event next year.

District Petitioned For More Street Lights

A petition was presented to the regular meeting of the Truckee Public Utility District directors this week asking that street lights be placed at Perkins and Spring streets. The petitions were signed by 11 property owners of the district.

Manager C. Edmunds told the directors the project would cost about \$22 and that the annual upkeep and service would be about \$15. The board ordered the installation.

TRUCKEE POST WILL INSTALL NEW OFFICERS

Harry Edwards will be New Commander of Local Vets' Group

Harry Edwards of Hobart Mills will be installed as commander of the Truckee post of the American Legion at ceremonies to be held at the Masonic hall Tuesday evening, October 20, at 8 o'clock.

The Legion is planning an active winter season and the installation will inaugurate the fall program of events.

Other officers to be installed are: Frank Holt, first vice commander; Earl McCue, second vice commander; J. Pierce, chaplain; Frank Kinne, finance officer; Andy Roquette, historian; Hugh McColl, adjutant; John Scapponella, sergeant-at-arms. The installing officer will be McColl, who is past first vice district commander.

Kinne is past president of the post and is arranging for the affair next Tuesday. He announced that two new members would be introduced at the meeting. They are Mervin L. McDowell and Walter M. Barrett.

All ex-service men are urged to be at the installation.

SUN BURN SUIT FILED AFTER BAY BOY IS BURNED

An echo of Echo Lake Camp, Lake Tahoe, was heard in Berkeley when Mrs. Alicia Witherspoon filed a suit against that city for \$1500, which she alleges is due her son, Robert H. Witherspoon, whom, she charges, became badly burned due to the neglect on the part of city officials when the youth was in the camp.

Robert suffered \$1500 worth when he was exposed to the sun Mrs. Witherspoon alleges. She seeks also \$15 for doctor's fees, \$5 for bandages and \$3.25 for care while her son was being treated.

FIRES IN DISTRICT 70 PER CENT MAN CAUSED, SAYS REPORT

Seventy per cent of the 140 fires which burned 3,495 acres in the Lake Tahoe national forest during the past season were caused by careless or malicious persons, according to Supervisor DeWitt Nelson.

Nelson said that six conflagrations in this area were incendiary while smokers caused 35, campfires 17 and railroads 13.

During Fire Prevention Week people were warned of the damage, often irreparable, that is done to forage resources, game animals, water sheds, birds, timber and the monetary loss sustained by property owners. Taxes can also be reduced by the conservation of the forests, he said.

Two Feet More Water In Lake This Season

There are nearly two feet more water in Lake Tahoe this year than at this same time last season, it was revealed this week.

An elevation of 6222.91 feet above sea level was the total for October 1, 1935, the lake level being below the rim while on the same date this year the elevation was 6224.71 feet.

NEW BUILDING IS PLANNED BY LOCAL UTILITY DISTRICT

The directors of the Truckee Public Utility District are considering moving the office from its present site because of the contemplated remodeling of the building by Dave Cabona, the owner. The group favor the purchase of a lot and building if one suitable can be found.

Owners may list their properties at the office of the district.

Steps Taken to Promote Travel Through Truckee

Truckee, being situated on Highway No. 40 is in a geographical position to enjoy an increase in potential business from eastern tourists due to the opening of the San Francisco-Oakland bay bridge, according to D. W. Frost, newly elected president of the Donner Trails association.

Frost has been in conference with Robert Breuner, president of the Junior Chamber of Commerce at Sacramento on plans for the promotion of travel over this route. He is asking cooperation in the project and as the travel will greatly benefit this area, the support of everyone concerned is being solicited.

ASSOCIATION TO OUTLINE PROGRAM

Winter Sports Activities to Be Discussed at Meeting

Scheduling of programs for the coming season and a general discussion regarding future policies of the organization, will be items of interest on the program at the meeting of the California Ski association to be held in Hotel Senator, Sacramento, Saturday, October 24, at 2 o'clock, it was announced today by C. Edmunds of Truckee, secretary of the group.

Edmunds has sent notices to the 14 member clubs throughout the state asking that representatives be sent to the conclave. Arnold Weber of Placerville will preside.

The Yosemite Winter Sports club was granted the state tournament for down hill and cross country ski races at the annual meeting held at Lake Tahoe in February. The Viking club of Los Angeles put in a bid at the same time for the state ski jump but has failed to post the required bond and bids for this event will be opened at the Sacramento meeting, Edmunds said.

The application of the Sierra club for membership in the state association will also be considered.

Members of the association are: Truckee Outing club, Yosemite Ski club, Lake Arrowhead Ski club of Los Angeles, Mt. Shasta Ski club, Sacramento Winter Sports club, San Francisco Winter Sports club, Auburn Ski club, Lake Tahoe Ski club, Paul Bunyan Ski club of Westwood, Mt. Lassen Ski club, Placerville Ski club, Fresno Ski club, Big Pine Ski club of Los Angeles and Viking Ski club of Los Angeles.

SECTION OF HOBART ESTATE IS ADDED TO TAHOE FOREST

The national forest reservation commission recently approved purchase of 3,523.62 acres of land from the Hobart Estate at the cost of \$7024.24. The property is situated near Hobart Mills in this county and will be added to the Tahoe National forest, according to word received here from the United States forest service.

The purchase of the tract is designed to extend the forest service control of the available timber so that it can insist upon sustained yield logging under a long time cutting program.

The purchase of such holdings from private to government ownership does not mean that there will be an interruption or cessation of logging operations as it may continue under the forest service supervision.

The lands are removed from the county assessment rolls although one fourth of any income of the future, whether from timbering, grazing or other purposes will go to the county in which the lands are located.

At the time of the acquisition of the land in this vicinity, approval was also placed upon buying of tracts to add to the El Dorado and the Sequoia forests, the three totaling 13,157.83 acres at a cost of \$71,067.82.

EDMUNDS WILL AGAIN BE HEAD OF SNOW SPORTS

Committee Will Renew Fight To Procure Necessary Finances

WORK TO BE STARTED

Indecision Ended at Meeting Of Business Leaders Wednesday

After weeks of indecision, it was decided Wednesday night at an open meeting held at the California Cafe following a session of the Lions club, to go ahead with the Winter Sports in Truckee during the coming season and C. Edmunds, although he had consistently refused to manage the affair, again, this year, was finally induced to reconsider, but only under the condition that the necessary \$2000 budget be secured.

A voluntary committee, consisting of Mrs. Edith Fay of the Riverside Hotel and H. Ciardella, will interview those who have failed to respond to repeated requests to stand their share of the expense necessary for promoting and conducting the activities.

Efforts are being renewed to get the required \$2000, only \$400 of which is still outstanding.

Edmunds, who has been directly responsible for the past successes of winter sports here, pleaded that he be permitted to drop the thankless task, but friends were so insistent that he finally agreed to again take up the burden, correcting a situation which had threatened to disrupt the program.

POOR SPORTSMANSHIP

With the hunting season brought to a close today, we are reminded of some of the poorest and some of the best examples of sportsmanship obtainable. They say that if you want to find out just what calibre a man is take him on a hunting trip and all his inhibitions will vanish and his real character will display itself. We believe that is largely true.

One story was brought to us about a hunter who was seen hotly in pursuit of a young doe, with the animal running only with its rear extremities and with both front legs shattered by the "sportsman's" bullet. The bold hunter stopped when he found he had been discovered in his nice bit of law breaking and attempted to explain that he was only trying to end the misery of the animal which someone else had maimed. The two shots which were heard immediately before the bewildered and wounded doe dashed into a clearing a few yards ahead of her assassin, however, brought the lie to the explanation.

The incident, we were told, occurred a few miles from this town and probably exemplifies many similar occurrences during the hunting season.

Other sportsmen, the fellows who enjoy the thrill of bagging their limit of deer, have returned with stories of seeing as many as a dozen does in a single day, all within a stone's throw of them. But, in spite of the fact that they had traveled many tiresome miles in search of the game, the thought never entered their heads to kill a doe. They returned home, disappointed, but satisfied that they were real sportsmen and well within the scope of all the word implies.

Killing a doe for necessary food, even in the closed season is excusable, but to deliberately shoot one for the sole satisfaction of killing, has absolutely no relationship with sport.

LIONS CELEBRATE BIRTHDAY

The Truckee Den of Lions last Saturday celebrated the fourth birthday of the organization of the club at one of the best parties it has ever been our privilege to attend. Wholesome gaiety predominated the entire program and we venture to say that everyone who attended will vote the affair a big success and typical of the spirit of Lionism. We hope the den will enjoy many more happy birthdays.

SON'S SUNBURN SUIT

We read where a fond mother in Oakland is bringing suit for \$1500 damages against the City of Berkeley and officials there who maintained a summer camp at Lake Tahoe, because her son suffered painful sunburn while a guest at the camp.

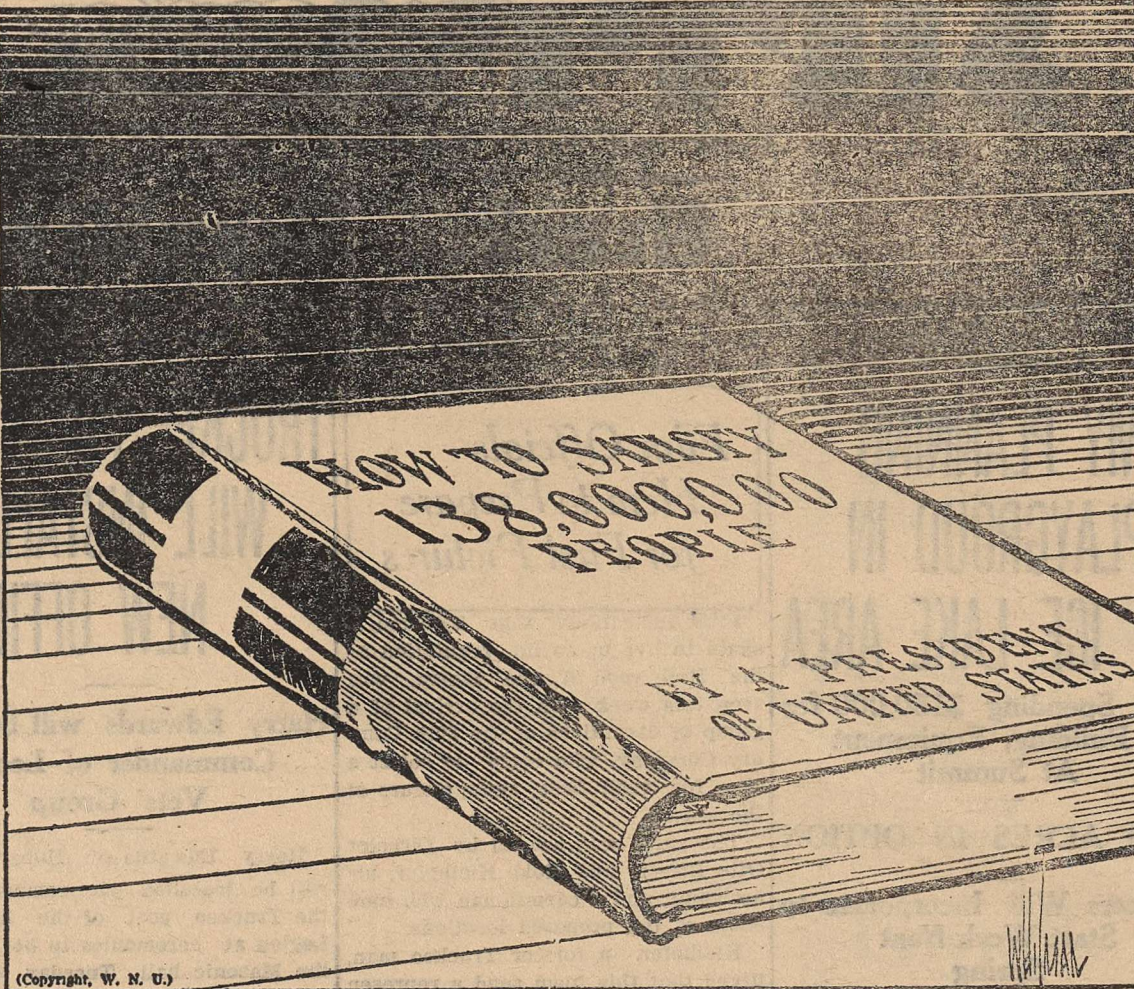

The suit may be well directed, we are not in a position to know, but it appears to us that she should have instituted action against the sun, wind and Lake Tahoe. Sunburn, as we all know, is no joking matter and often very painful, but how anyone, aside from the victim himself, can be to blame under normal circumstances, is extremely hard to understand.

AFTER FIRE PREVENTION WEEK

The official ending of Fire Prevention Week -- which was observed between October 4 and 10 this year -- should certainly not bring to an end the public interest and enthusiasm the week created.

We should regard the week not as a seven-day matter, but as a fit starting point for a personal campaign, participated

in by every citizen, that will run the 365 days of the year. Only if that is done can the week produce real and permanent results.

In a number of past years fire losses have dropped sharply during the week and for a short period thereafter. Then it has risen again to the "regular" normal level. In other words we applied the lessons learned when they were fresh in our minds -- but forgot them almost as soon as a New Year' resolution. So long as that situation continues, our national fire loss will remain at disgracefully high levels.

Every property owner and other individuals should carry on a year-round campaign against fire.

FORT BRAGG TRIP ENJOYED BY GROUP FROM LAKE TAHOE

TAHOE CITY, Oct. 15.-A group of 28 persons, including high school pupils, their friends and teachers, left in two trucks Friday for a motor trip to Fort Bragg. The party went by way of Clear Lake near which camp for the first night was made.

They continued on the next morning to Fort Bragg where camp was pitched on the beach. Swimming was enjoyed and bon fires and singing helped pass the night, trip also being made through the lumber mill of the district. A short call was made on the George West family, former Tahoeites, at Ukiah.

Among those making the trip were Mrs. Bliss Hinkle and her children, Sue, Marilyn and Dick, Miss Mary Pronzatto, Misses Florence and Lillian Vernon, Mrs. Gerda Hendrikson, who donated the use of the truck, and her son, Oliver, Brush Mandeville, who loaned and drove his truck, Mrs. Frazier and son, Robert, Junior and Patsy Henry.

Work Progressing on Lake Tahoe Project

TAHOE PARK, Oct. 15.-Hemstreet and Bell are busily engaged this week in improving the network of roads at the W. W. Mein estate in Tahoe Park. About half a mile of paved roadbed is replacing gravel. A new bathhouse, 20 x 44, to house the Mein cruiser is being constructed at the lake front.

Caretaker Harry Johanson is in charge of the 15 or more men now engaged in the improvement program.

and try hard to please,
And he'll iron all
your wrinkles away.

Is your electric bill higher than it used to be?
And do you still think of it as "a light bill"?

That's what it was once. Now lights are only a part of it.

Now it includes a few cents for the

RADIO
PERCOLATOR
TOASTER
VACUUM SWEEPER
HAND IRON
WASHING MACHINE

Maybe it includes an electric refrigerator. Then you have no bill for ice.

Or a range—and you have no bill for other fuel.

Electricity is Your Home's Biggest Bargain.

SAD iron days became glad iron days when the sleek and shiny electric iron came into women's hands. Perhaps in your home it was the first electric servant you put to use. Right then your electric bill became more than a light bill.

Now for just a few pennies a day, about the price of a package of cigarettes, or a magazine or a piece of pie, electricity gives your home many services besides lighting. It "perks" coffee, makes ice, beats batter, crisps toast, curls hair, sweeps rugs, runs electric clocks and radios... well, you can probably add more to this list.

Really, now, isn't electricity making life a lot easier in your home since the day you first used an electric iron? What else gives you such full value for your money?

WARNING SIGNS MEAN WHAT THEY SAY, SAYS CHIEF CATO

SACRAMENTO, Oct. 15. (UP) — Signs warning motorists not to pass vehicles in zones where double lines are painted on the highways mean exactly what they say, according to E. Raymond Cato, chief of the state highway patrol.

Cato said he had issued orders to patrolmen to give special attention to drivers who cross the lines. Citations will be issued to those who fail to heed the warning.

He pointed out that the lines, were placed in an effort to obtain caution in driving and expressed belief that accidents would be reduced materially if motorists accepted them as safety measures.

TAHOE MAN TO SEE CORONATION FETE FOR KING EDWARD

At least one man of this vicinity expects to witness the coronation ceremonies for King Edward VIII if the present plans of R. H. Strosneder, real estate man of Lake Tahoe and a winter resident of Los Angeles, mature.

Strosneder will leave the southern part of the state in February for an extended tour of South America, later embarking for England where he hopes to witness the official celebration for Britain's ruler. Strosneder anticipates returning to Lake Tahoe next summer, as is his usual custom.

SACRAMENTO PROWLER TURNS OUT TO BE ALLEY CAT IN CAR REPORTED AS STOLEN BEFORE

SACRAMENTO, Oct. 15. (UP) — Deputy sheriffs sped to the home of John Debella when he reported having shot a prowler.

Winner

Lieutenant Michel Detroyat of the French Air Force, who captured the Thompson trophy race, the premier speed event of the national air races at Los Angeles, with an average speed of 247.2 miles per hour.

Delbella told the officers the intruder had fled in a car.

When they inspected the machine, the deputies found it had been reported stolen a few hours earlier. Stretched out on the hood was a large alley cat, shot to death.

PHEASANT HUNTING BARRED IN COUNTY

Epicures who look forward to a dinner of pheasant during the hunting season between November 15 and 20, inclusively, may not have that pleasure in Nevada county, according to word received by the Grass Valley Rife, Rod and Gun club officials from the state fish and game commission which approved the request of the club to close the season. They have been instrumental in planting the birds and it is their desire to allow the pheasants to become acclimated and multiply before the season is opened.

The commission met on October 2 and assured the Nevada county club that an executive order to that effect would be forthcoming.

Ask the traveling printing concern representative how much he spends in your town before you give him an order. You will find his prices no less than at The Sun.

VOTERS: You Can and Should Kill This Tax

Defeated once, the old Sales Tax on Food is back again in disguise... along with added taxes on other necessities of life

On your November ballot, it masquerades as a "Retail Store License"—Proposition #22.

But brought down to cases, it is a hidden sales tax on food and other necessities. A tax for the consumer to pay in higher prices.

It charges individual stores \$1.00 a year for the right to do business. It taxes chain stores \$500.00 for each store over nine. But it is you who will really pay.

For, as the U.S. Federal Trade Commission states...

"If the ability to undersell, based on greater efficiency or on elimination of credit and delivery cost, is destroyed by taxation, it is the consuming public which will really pay the tax and not the chain."

Why? Because four out of five chain stores do not make enough profit to cover the tax.

For chain stores operate on a small

profit. They eliminate middlemen's profits and unnecessary in-between expenses. The savings they make by operating efficiently are passed on to you in prices 10% below the average. The Harvard (University) School of Business Research states these to be the facts.

Thus chain stores must raise their prices or go out of business. If they raise prices, you will pay the tax.

If they go out of business, their competitors can raise prices even more—and you will pay.

Further, this tax is admittedly not for revenue purposes. It is a subsidy for wasteful business methods—at your expense.

So if you think that chain store competition helps to keep all prices in line with your pocketbook—if you are opposed to higher taxes on foods and other necessities—vote NO and keep prices low.

For no matter what name they give it...22 is a tax on you—VOTE NO!

22 IS A TAX ON YOU — VOTE NO!

RETAIL STORE LICENSE Referendum against Act of Legislature (Chapter 849, Statutes 1935) requiring every person or organization owning, operating or controlling one or more stores, wherein merchandise is sold at retail, obtain annual State license; prescribing fifty cents application fee for each store and one dollar license fee for one store, increasing license fee progressively for second and additional stores to five hundred dollars for each store over nine; excepting filling stations, ice distributing establishments, restaurant facilities of common carriers, newspaper offices, stores wherein sales are incidental to rendering personal service, theatres and motion picture houses.
